Castor (lbs.)	7.75	7.75	\$25.20	100%	\$31.71

Fur sale results represent fur harvested from numerous states.

** Note: The averages listed are pelts that were sold, not the average that were bid which would be lower depending upon the number of NO SALE fur removed from the sale. Most no sale pelts are generally the lower value and quality which if they had been sold would decrease the average for that species.
